Code Enforcement

A reminder regarding the ordinances concerning construction projects:

Sec. 18-2. Preliminary building inspection required for repairs to damaged buildings.

It shall be unlawful for any person to repair damage or undertake to repair damage to any dwelling, residence, building, business, house, place of business, commercial sign board, billboard or improvement to realty of any kind or nature whatsoever that has sustained damage by reason of fire, explosion, flooding, lightning, hurricane, tornado or other natural disaster or catastrophe, without first applying for and obtaining a preliminary building inspection from the city manager, or his duly authorized representative, as provided in section 18-3.

Sec. 18-11. Required.

It shall be unlawful for any owner, authorized agent, or contractor who desires to construct, enlarge, alter, repair, move, demolish, or change the occupancy of a building, signboard, billboard or other structure, or who desires to erect, install, enlarge, alter, repair, remove, convert or replace any electrical, gas, mechanical or plumbing system, the installation of which is regulated by technical codes, without first making application to the city manager and obtaining the required permits for the work. Permits shall not be required for the repair of an existing driveway or parking area in those cases where no extension or enlargement of the same is involved.
